

## June News and Specials From Randy's Electric

What could go wrong?

### A Serious Electrical “UH-OHHH”

An outlet with too many appliances and electrical devices will exceed the circuits limit, tripping circuit breakers and is a major cause of electrical fires.

If you don't have enough outlets in your home, resist the temptation to use [power strips](#) and [extension cords](#) and call the pros at Randy's Electric. We can expertly install the right outlets in any room in your home. Imagine how much more convenient things would be with additional outlets exactly where you need them.

NEW!

## Why Should You Install GFCI Outlets?

One technological improvement that has grown immensely in popularity is the introduction of GFCI outlets in homes.

Ground-fault circuit interrupters are designed to protect people from electric shock. They are incredibly useful in any home or building! New constructions are required to install these important outlets.

If you're ready to upgrade your home with GFCI outlets, call a [trusted professional](#) at Randy's Electric to have them installed.

## A Security Camera With Smart Extras

[Nest Cam IQ](#) is the security camera that outsmarts other security cameras. It has best-in-class hardware and unparalleled imaging technology. And with Nest Aware, it can even recognize a familiar face – or a stranger.

To find out more about this smart new way to look after your home, [give us a call](#), we'll be happy to tell you all about this exciting Nest security camera.

### Facebook Coloring Contest

The Randy's Electric monthly coloring contest is back. Each month, one lucky young artist will win a \$10 Amazon gift Card. The rules are fun and easy!

Visit [www.randyselectric.com](http://www.randyselectric.com) and print the coloring book. You can enter as many masterpieces as you like. Share your child's art, their first name and age on our Facebook page.

The photos with the most likes on the last day of the month wins the \$10 Amazon Gift!

### Have Electrical Questions?

Join Us On [Facebook Live](#) Every Tuesday at 9:05 a.m.

You have electrical questions and we have the answers. Join us every Tuesday morning at 9:05 on Facebook for live answers to all your electrical questions.
